

About the 2023 Syllabus

In 2023 the levels for the Annual Festivals were condensed into 5 levels. The syllabus was also condensed to reflect the change.

Each level has a syllabus containing technique requirements, theory requirements and music history and vocabulary requirements.

To be clear with the description of the technique requirements, the technique is written out separately in music form. Please see the individual files.

This syllabus belongs to the Northeast Wisconsin Piano Teachers Forum for exclusive use by its members.
